

FRANK LLOYD WRIGHT

Frank Lloyd Wright was born in 1867, in Richland Center, Wisconsin. He became a world-renowned architect. His style of building is very unique and organic. He turned his house in Spring Green into a school for those wishing to learn architecture. He died in 1959 at the age of 92. He created 1,141 designs, of which 532 were completed.

Below is an architect's plan for a house. Study it carefully, and in the blank box, design your own dream house.
